

The Committee's beginning cash on hand balance for the April 20th 2009 Report is \$2,000 less than the ending cash balance reported on the March 20th 2009 Report in order to correct a previous reporting error which resulted from a software conversion. On the December 20th, 2007 Report, the Committee disclosed a voided check to Friends of Congressman George Miller (the original \$2,000 check was issued on 2/9/2004). However, a duplicate entry was made for the same voided check on the Committee's 2007 Year End Report. After speaking with the Committee's reports analyst, it was determined that the Committee would correct the cash balance in its reporting software and submit this Form 99 to explain the difference. This was a single change impacting reports from December 2007 to present. If you have any questions regarding this information, please contact the Committee.
